Electric Daisy Carnival swept through New York May 23 to 24 over Memorial Day weekend at [MetLife Stadium](#) in New Jersey. Stephen Lieberman of [SJ Lighting](#) designed the lighting for Stages Two through Four, including Circuit Grounds, Cosmic Meadow, and Neon Garden. Lieberman programmed Circuit Grounds, while lighting directors [Aron Altmark](#) and [Maxwell T. Robin](#) programmed Cosmic Meadow and neon Garden, respectively. [V Squared Labs](#) designed the video content. [KM Productions](#) supplied the lighting and video equipment for Circuit Grounds, and [Solotech](#) supplied the lighting and video for Cosmic Meadow and Neon Garden. [Lasertainment](#) provided lasers and [Mountain Truss Staging](#) the staging equipment for all three. Check out the gear lists below for Stages Two through Four, courtesy of SJ Lighting.
